

Midwest P.A.W.s

Pointer and Weimaraner Rescue

Owner Surrender Form

Please realize that Midwest PAWs cannot accept owner surrenders of Pointers and Weimaraners all the time. We concentrate on helping the ones that are near the Kansas City Metro area and we are never without many that need our help. If you are not in our area, we will try to help you to find a rescue near your location that will be able to help you. Midwest PAWs is a small group of volunteers and, therefore, are limited to only rescuing Pointers and Weims at this time.

Your Dog must be current on vaccines, Spayed / Neutered, and be heartworm negative. If not, the owner must make a \$150.00 donation to Midwest PAWs to help us recover some of the cost of vet care your pet will need in order to be adopted. If you are unable to meet these prerequisites, please explain more about your situation, and complete the rest of this form. We will consider your circumstances, and a decision will be made to determine if your dog will be accepted into Midwest PAWs.

How did you hear about Midwest PAWs?

We reserve the right to refuse acceptance of any dog. Acceptance is based on many criteria, one of which is space availability. If you are out of our area, we will pass on your surrender form to another rescue.

I certify the information provided on this form to be true and correct. I understand that a physical evaluation of the dog, and a temperament test will be performed by an experienced rescue volunteer to ensure we feel the dog is re-homeable before my Dog is accepted into MW PAW's program. If during the evaluation process we find the information contained in this surrender form to be false, we retain the right to turn down acceptance of the dog you are surrendering. I also understand that the following criteria must be met before MW PAWs will consider the acceptance of my Dog. I also understand if I am not able to meet these prerequisites, MW PAWs will take into consideration my circumstances which I have explained above in determining the acceptance of my Dog.
